

The Third Dimension

Class materials fee: \$15

Learn all about heat shapeable batting.

class fee includes 1 yard Fosshape 300- extra material is available from EQuilter.com.

In this class, we will explore the basics of using this very useful material by creating free standing, quilted cylinders and bowls.

You will unlock your imagination and be able to create many variations on the basic shapes once you understand the process- a variety of products from our classes are in the photos.

Supply list:

Sewing machine, and supplies (pins, scissors, thread etc)

*machine should be set up for quilting, either free motion, or with a walking foot. You will be quilting an approximately 18x20" piece or smaller.

A minimum of 8 different fabrics- in 1/2 yard quantities - any kind of material that isn't sheer. This is the perfect place to use your amazing hand dyes or fun prints. The interiors of the sculptures will be visible, so you will need a pair for each outside fabric.

Neutral colored button & carpet thread and sturdy needle.

A small, handheld steamer such as the Conair Extreme Steam Fabric Steamer from Target is really handy- if this isn't an option, we can use steam irons

Conair Extreme Steam Fabric Steamer with Dual Heat Blue
